JAS. F. IZLAR, W. M. JAS. S. HEYWARD, Sec. May 29 1875

I. O. O. F.

Edisto Lodge No. 34, Meets at Odd Fellows Hall, every Monday evening at 8 o'clock, from 20th March to 20th Sept. and at 7 1/2 o'clock from 20th Sept. to 20th March.

TOWN COUNCIL.

This body meets every second Tuesday after the first Monday of each month, for the transaction of regular business.

RAILROAD SCHEDULE.

Up Day Train 9:55 A. M. Down Day Train 7:30 P. M. Up Night Train 2:20 A. M. Down Night Train 11:53 P. M.

LOCAL.

Rev. Professor Geo. W. Holland, of Newberry College will preach in the Lutheran Church (D. V.) on Sunday morning and evening next, the 1st of Aug.

One of the printers says, that having heard that changing shoes made them fear better, he put his on "wrong-side out," and they did first rate.

Our readers will see by advertisement that the Board of Equalization meets on Monday next. Those who have business with the board will do well to be on that day.

Our young friends who practice base ball in the streets of the town should be more careful. The other day a young lady was struck full in the breast by one of these balls, but fortunately without any serious injury.

HOGS.

The police are carrying on the war at a lively rate against those "porkers" who insist upon parading the streets. We pointed sixteen in the pound the other day, you must keep your hogs at home or the Marshall will interview your pocket book.

We notice that the Anderson Intelligence and Anderson Conservator have consolidated, and will be published hereafter as the Anderson Intelligence, and be edited by Messrs. Hoyt & Murray, with this team to run the above paper we predict that it will surpass its previous record.

We learn that a severe hail and rain storm passed over the Fork of Edisto near Branchville, on Friday 23d inst. The lightning was severe, and an old gentleman, Mr. John Goodwin, was struck and instantly killed. The hail fell heavily, the stones being the size of a pigeon egg. We did not learn if any damage was done to the crops.

WOODS ON FIRE.

For over a week past a destructive fire has been burning out the woods to the east of this place. Everything is so thoroughly dried up by the severe drought of the past month that the flames consume the green grass and leaves as they would tinder, and burn through to the top of the tallest green pines with amazing rapidity.

We are informed that in and about Caw Caw Township, Horses turned out in the hot Sun to graze, are seized with a disease resembling the blind staggers, which generally proves fatal in a short time.

LOVE OWNERS.

Would do well to notice the advertisement of Trustees School District No. 10. They desire to purchase a lot within the limits of the town, on which to erect a school house, parties having lots for sale, will confer with the trustees until the 14th August next.

At the close of our late misunderstanding, when the Federal army passed through this place, a fine old cremona violin was taken from Dr. Salley's house, either by some parties attached to the army or some home folks. Dr. Salley is very anxious to recover it, and will pay a reward for it if returned to him.

ICE CREAM.

A new department has been added to Mr. Albergotti's bakery. An ice cream saloon will be opened every Thursday from 10 A. M. to 9 P. M., parties can be supplied with any quantity desired.

A QUEER FISHER.

Mr. R. W. Hartly caught a soft shell turtle weighing some eight or nine pounds, a few nights since with a set line, in the Santee river above Wright's Bluff. We do not remember of ever knowing one of these turtles to wander so far from his native salt, and this chap must have been sadly demoralised to have wandered so far out of his way.

London has another new industry. A man advertises himself as "knocker up and window tickler, from 3 to 7." He wakes heavy sleepers who wish to get up early. Window tickling is waking without ringing the bells, by means of a long pole, with which he taps on the window pane.

The editor of the Union-Herald should be taken across the seas and whipped from Newgate to Tyburn for keeping in his employ the printer who left the letter "n" out of the word "window" in the above article.

BASE BALL.

The third and last game in the match between the Crescents of Bamberg, and Oranges of this place, was played last Tuesday at Cedar Grove, and was won handsomely by the Crescents, leaving them victors in the match. We hear great praise awarded some of the Crescents for their fine play, and have no doubt that they deserve it, from the fact that they have defeated the Oranges, the victors of many a hard fought field.

THE WEATHER.

This old topic fairly comes in for discussion now, we have seen the "oldest inhabitant" and he confirms our belief that Orangeburg has never before experienced, a heated term, of such length, as the one we are now sweltering through, it is so long since we have had rain that we cannot remember when the last one fell, the crops are literally being burned up as by fire. Cotton shedding in every direction, and Corn stunted and killed, beyond all hope of recovery, we have seen crops that at one time promised to average thirty to thirty-five bushels to the acre, that now will scarcely produce five, the very trees of the woods are dying, Dogwood, Oak, Pine, and several other kinds, are having their vitality drawn out of them by the fierce rays of the sun, aided by an utter absence of moisture.

have risen over us, laden with rain, but day after day they pass away without affording us the hoped for relief, and the sun still drives down upon us with an intensity that is fearful.

IMPORTANT ENTERPRISE.

A movement is now on foot to establish a female college in our town, to be under the care and direction of the Evangelical Lutheran Church South, and to be conducted by some of the best known educators in the State of Maryland, and others from this place. The parties having this matter in view, are in earnest, and thoroughly reliable.

Many an officer who now strikes awe into the hearts of wondering boys and gaping chambermaids prancing by in all the glory of his gold epaulets and gilded cartouche box, fought harder to escape an engagement than he ever fought the enemy when they were in front of him.

This is all too true, and a large percent of the captains, colonels &c., who cut such figures now, as orators, and know so much about the "war," only wore their fancy uniforms around some Quartermaster's or Commissary's stores, or lounged on "detail" in some safe office.

THE "DOMESTIC" MONTHLY.

The usual variety of interesting essays on the topic of Fashion are contained in the August number of this popular magazine, in which are embodied the latest intelligence of the various departments of Fashion, and an abundance of practical information. The latest styles in Ladies' and Children's costumes, Millinery, Lingerie, and many articles of needle and fancy work, are illustrated with fine engravings, and plainly described.

The literary matter of this number is unusually choice and entertaining. Besides several fine poems, we have the commencement of an excellent story, "Love Only Won Her," the conclusion of "Proud Little Hettie," and a charming sketch entitled, "Grandmamma Gorden." The Miscellany, Small-Talk, Art and Literary Notes, are interesting and instructive, as usual.

SHEARS COTTON AND HAY PRESS.

Mr. Jas. Van Tassel has purchased the county right for this press, and has now a model on exhibition at his office. Its many good qualities recommend it to every planter. It is so simple that any one can operate it. It is cheaper than the old presses, and will do twice the work. It is portable, and can be used either in the barn or the baryard, and can be worked by one mule, or two men, or by the power that runs the gin to gin the cotton.

the resistance when the bale is being packed, so that it requires no additional force from the power operating it. It is an invention that will pay our farmers to look into. Mr. Van Tassel has had several applications already for these presses, and we have no doubt will dispose of a large number if parties will only take the trouble to go and see it.

FROM DRUGGISTS.

There is no cure of Dyspepsia that Green's August Flower will not cure. Come to the Drug Store of Dr. A. C. DUKES, and inquire about it. If you suffer from Costiveness, Sick Headache, Sour Stomach, Indigestion, Liver Complaint, or derangement of the System, try it. Two or three doses will relieve you.

T. KOHN & BROTHER DRY GOODS ESTABLISHMENT! OUR PLATFORM. THE LARGEST ASSORTMENT—and always to maintain it in Dry Goods Hats, Clothing, Shoes, &c. THE MOST FASHIONABLE STYLES—Whist we will always have "plain and medium styles" for those who prefer them, yet we will aim to be up with the highest fashion with a large portion of our stock. The Lowest Prices—None can buy goods cheaper than this House. None do so large a business in our line. How can any one then sell as cheap? We confidently believe our Prices are really lower than any where else. The Best Attention—Our Salesmen will not hurry a customer to choose something that does not suit, and thus take an exchange necessary; neither will we sell an article that when examined at home will prove unsatisfactory. Further—Our New Brick Establishment and Show rooms is a model of convenience and comfort, being pronounced by everybody to be the Largest of its kind in the State. We most cordially invite a generous public to pass judgment on our taste and skill by a personal inspection of the premises and stock. Our friends far and near are assured that everything that patient determination can do will always be done to keep our House at the head of the trade.
